Trees located in Honolulu Botanical Gardens	DPR - Honolulu Botanical Gardens	522-7060

It is the City's goal to preserve as many trees as possible. To this end, trees will not be removed unless dead, dying diseased, or severely damaged. It is natural for trees to drop their leaves, flowers, seeds, etc., due to prevailing winds and seasonal cycles. By City ordinance, property owners are responsible for keeping the public areas abutting their property free of litter. (ROH Sec. 14-20.1) City street trees are the property of the City & County of Honolulu. Destroying them is against the law and DPR will pursue criminal charges, if warranted.

DFM - Department of Facility Maintenance
 DPR-HSB - Department of Parks and Recreation, Horticulture Services Branch
 DPR - Department of Parks and Recreation
 DPP - Department of Planning and Permitting
 HPD - Honolulu Police Department
