Preparation of this Report

The Developer prepared this report to disclose relevant information, including "material facts", that are reasonably known to the Developer about the condominium project covered by this report. This report has been prepared pursuant to the Condominium Property Act, Chapter 514B, Hawaii Revised Statutes, as amended from time to time. The law defines "material facts" to mean "any fact, defect, or condition, past or present that to a reasonable person, would be expected to measurably affect the value of the project, unit, or property being offered or proposed to be offered for sale."

This report has not been prepared or issued by the Real Estate Commission or any other governmental agency. The issuance by the Commission of an effective date for this Developer's Public Report (1) does not mean that the Commission approves or disapproves of the project; (2) does not mean that the Commission thinks that either all material facts or all pertinent changes, or both, about the project have been fully or adequately disclosed; and (3) is not the Commission's judgment of the value or merits of the project.

This report may be used by the Developer for promotional purposes only if it is used in its entirety. No person shall advertise or represent that the Commission has approved or recommended the project, this report or any of the documents submitted with Developer's application for registration of this project.

This report will be amended if, after the effective date of this report, any changes, either material or pertinent changes, or both, occur regarding the information contained in or omitted from this report. In that case, the Developer is required to submit immediately to the Commission an amendment to this report or an amended Developer's Public Report, clearly reflecting the changes, including any omitted material facts, together with such supporting information as may be required by the Commission. In addition, the Developer may choose at any time to change or update the information in this report. Annually, at least thirty days prior to the anniversary date of the Effective Date of this report, the Developer shall file an annual report to update the material contained in this report. If there are no changes, the Developer is required to state that there are no changes. The Developer's obligation to amend this report or to file annual reports ends when the initial sales of all units in the project have been completed.

Purchasers are encouraged to read this report carefully and to seek professional advice before signing a sales contract for the purchase of a unit in the project.

Signing a sales contract may legally bind a purchaser to purchase a unit in the project, though a purchaser may have rights to cancel or rescind a sales contract under particular circumstances that may arise.

This material can be made available for individuals with special needs. Please call the Senior Condominium Specialist at 586-2643 to submit your request.

Special Attention - - Significant Matters

[Use this page for special or significant matters which should be brought to the purchaser's attention. At minimum "Subject Headings" and page numbers where the subject is explained more may be used.]

The developer's inclusion of a disclosure or an explanation of any or all of the following applicable significant matters in this part of the developer's public report shall not be construed to constitute the Commission's:

- Approval or disapproval of the project;
- Representation that the developer has fully or adequately disclosed either all material facts or all pertinent changes, or both, concerning the project;
- Representation that the developer's disclosures of other material facts elsewhere in this report is less important; or
- Judgment of the value or merits of the project.

The commission reserves the right to request that the developer include these special and significant matters elsewhere in the developer's public report.

1. This Public Report does not constitute an approval of the Project by the Real Estate Commission or any other governmental agency, nor does it ensure that all county codes, ordinances and subdivision requirements have necessarily been complied with.
2. This Project does not involve the sale of individual subdivided lots. The land area beneath and within each Unit as shown on the Condominium Map does not represent a legally subdivided lot. The dotted lines on the Condominium Map merely represent the approximate location of the perimeter boundaries of each Unit.
3. Facilities and improvements normally associated with County approved subdivisions, such as fire protection devices, County street lighting, electricity, upgraded water facilities, improved access for owner and emergency traffic, drainage facilities, etc., may not necessarily be provided for, and services such as county street maintenance and trash collection will not be available for interior roads and driveways, if any.
4. All of the Units in the Project are spatial units which consist of a column of space as described in the Declaration of Condominium Property Regime of The Meadows of Royal Kunia Condominium (the "Declaration"). All of the Units may be modified to include improvements to be constructed later at purchaser's expense.
5. SPATIAL UNIT: A "spatial unit" does not consist of any actual physical structure within the Project at this time. The purchaser of the "spatial unit" may build improvements in the future, which may cause some noise and traffic during construction that could impact on the other Unit Owners.
6. LAND ZONED P-2, PRESERVATION GENERAL. The land of the Project is zoned P-2 General Preservation District under the Land Use Ordinance, Chapter 21 of the Revised Ordinances of Honolulu ("Land Use Ordinance"). The uses permitted within land zoned P-2 General Preservation District, are set forth in Table 21-3 of the Land Use Ordinance, a copy of which is attached to this report, as the same may be amended from time to time. For certain of the uses listed in Table 21-3, a Conditional Use Permit must first be obtained in compliance with the requirements set forth in the Land Use Ordinance. Declarant makes no representations or warranties regarding the permitted uses of the land of the Project under the P-2 General Preservation District zoning. Accordingly, purchasers must rely upon their own inquiry and investigation and utilize their own professional advisers to determine if their intended use is allowed under the P-2 zoning and the permits required in connection with such use, if any.

General Information On Condominiums

A condominium is a special form of ownership of real property. To create a condominium in Hawaii after July 1, 2006, the Condominium Property Act, Chapter 514B, Hawaii Revised Statutes, must be followed. In addition, certain requirements and approvals of the county in which the project is located must be satisfied and obtained.

Some condominium projects are leasehold. This means that the land and/or the building(s) and other improvements are leased to the purchaser. The lease for the land usually requires that at the end of the lease term, the lessees (unit owners) deliver their interest in the land to the lessor (fee property owner).

If you are a typical condominium unit owner, you will have two kinds of ownership: (1) ownership in your individual unit; and (2) a percentage interest in the common elements.

You will be entitled to exclusive ownership and possession of your unit. Subject to the documents governing them, condominium units may be individually bought, sold, rented, mortgaged or encumbered, and may be disposed of by will, gift or operation of law.

Your unit will, however, be part of the group of units that comprise the condominium project. Study the project's Declaration of Condominium Property Regime, Bylaws of the Association of Unit Owners, Condominium Map and House Rules, if any, which are being concurrently delivered to you with this report. These documents contain important information on the use and occupancy of the units and the common elements of the project, as well as the rules and regulations of conduct for unit owners, tenants and guests.

Operation of the Condominium Project

The Association of Unit Owners is the entity through which unit owners may take action with regard to the administration, management and operation of the condominium project. Each unit owner is automatically a member of the Association.

The Board of Directors is the governing body of the Association. Unless you serve as a board member or an officer, or are on a committee appointed by the board, your participation in the administration and operation of the condominium project will in most cases be limited to your right to vote as a unit owner. The Board and officers can take certain actions without the vote of the unit owners. For example, the Board may hire and fire employees, increase or decrease maintenance fees, adopt budgets for revenues, expenses and reserves and regulate the use, maintenance, repair and replacement of common elements. Some of these actions may significantly impact the unit owners.

Until there is a sufficient number of purchasers of units to elect a majority of the Board, it is likely at first that the Developer will effectively control the affairs of the Association. It is frequently necessary for the Developer to do so during the early stages of development and the Developer may reserve certain special rights to do so in the Declaration and Bylaws. Prospective purchasers should understand that it is important to all unit owners that the transition of control from the Developer to the unit owners be accomplished in an orderly manner and in a spirit of cooperation.
